

**Software Competitiveness International (SOFT COM INTERNATIONAL)**, is a rapidly growing, innovative Software House, located in Athens. Through our team, of highly motivated Software Engineers with a strong technical background and long experience in complex international projects, we provide to our customers, both locally and internationally, technical excellence and valuable services.

In the year 2014, among other company's achievements, we doubled our team, we established new and very promising long term cooperation, enhancing in parallel our existing ones and our presence in Middle Europe, we became awarded with a Business Award and we expanded our certifications' portfolio technically and with ISO 9001:2008 and ISO 27001:2013.

*This year our company participated as an exhibitor at the International Exhibition for Information Technology CeBIT 2015 (Hannover-Germany) and is awarded with three "HR COMMUNITY AWARDS 2015".*

Due to the positive growth prospects for our company and because we know that success is possible only through a motivated and dedicated team, we currently are looking for

- **Software Engineers – embedded, for AUTOMOTIVE**
